

NWC MEMBER PARTICIPANTS

- Reunion will be open to only National Waco Club members aircraft
- Wynkoop Airport will be notamed “closed except for prior permission”
- All current National Waco Club members have permission to operate aircraft at Wynkoop Airport during the Reunion
- All members need to pre-register to assist with our planning on this website or on the page in the May newsletter (then mail it in)
- When registering please include the make and model of aircraft you will bring as well as its “N” number and the number of people attending with you.
- Parking assistance will be available as written in the General Ops section with the Waco’s receiving first priority during busy periods
- We will be parking all non-Waco aircraft in row C initially, when it is full then row B will be used
- If flying into the Reunion, please review all applicable pages on this website, or in the May newsletter, to aid in the safe operation of our Reunion
- As an alternative, the Knox County Airport is just 2nm southwest and will be providing complimentary ground transportation (between Wynkoop and Knox Co.) for anyone who wants to land there. This service was provided last year and worked well. They have 100LL and Jet A available. Camping is available on both airports (no showers) and there are no ramp or overnight fees.

We hope many of you (especially our regular attendees) will be making plans to come visit the 51st Reunion of the National Waco Club! We are anticipating a large gathering of Wacos again for this Reunion, so make your plans now to join in the fun.

Please check back often, as we will post new updates as needed.
