

REUNION RULES AND GUIDELINES

- 1) **NO AEROBATICS OVER THE FIELD** – The insurance does not allow for this!
- 2) **FLYBYS** – A **LEFT TRAFFIC** pattern is in effect. No exceptions. Please use extreme caution if doing a flyby **ESPECIALLY** this year due to the large number of Wacos expected to attend!!! Do not pass other aircraft as you cannot predict when they may make an unexpected turn into your path.
- 3) **TIE-DOWNS** – TIE DOWNS ARE MANDATORY. Even if you are hangaring your aircraft at night tie-downs are still required if your plane is on the field and you are not present. Upon arrival please put your tie-downs into the ground and put your ropes/straps on them. **PLEASE bring your own tie-downs** as we do not have extra tie downs available.
- 4) **WINGWALKERS** – Look for people in the **ORANGE VESTS!!!** Use them inbound and outbound from your parking spot. Before starting your aircraft, please pull forward or push back from your parking spot and turn the aircraft so as not to blow the aircraft parked around you.
- 5) **RUNWAY 24 RUN-UPS** – When Runway 24 is the active runway, please do your run-ups on the south side of the runway. (Refer to the Parking Diagram) If you cross the runway and then try to depart after completing a run-up from that side there is a huge tree that blocks the view of aircraft on final approach. By departing from the south side you will avoid any potential conflicts of pulling out in front of someone.
- 6) **BUDDY RIDES / RIDE HAULING** –Feel free to give as many buddy rides as you want! The Buddy Ride location is on the west side of the Grove of Trees (Refer to the Parking Diagram) *Unfortunately, our insurance does NOT allow for hired ride hauling activities.*
- 7) **WALKING ACROSS THE RUNWAY** – If there is a need to cross the runway, please do so at the **FAR EAST** end of the runway keeping in mind aircraft in the pattern.

- 8) **RUNWAY 9-27 CLOSED DURING THE REUNION** – This runway will be used as a taxiway only!

- 9) **FOLLOW THE AIRCRAFT PARKING GOLF CART TO PARKING** – Upon exiting the active runway begin looking for the parking cart which will guide you to parking. As you enter a parking taxiway the wing walkers will take over and help guide you.

- 10) **FUELING** – Fuel will be available daily. The airport operator will only accept cash or a personal check. **NO CREDIT CARDS!** This keeps the fuel 30 - 40 cents per gallon cheaper so please plan accordingly.

- 11) **HANGARING** – Hangaring is extremely limited. Please call ahead to Knox County Airport located about 2 miles south if you must have a hangar. **IT IS FIRST COME FIRST SERVED** – so get there early and enjoy the Reunion!!!
